Introduction

Part 5 of the Freedom of Information Act 1992 (WA)¹ (the FOI Act) requires each agency publish an information statement and update the statement at intervals of not more than 12 months (sections 96 and 97 of the FOI Act).

The Minerals Research Institute of Western Australia (MRIWA) publishes its Information Statement as an annexure to the Annual Report. This Annexure supplements the detail provided in the Annual Report to ensure all information required under the FOI Act is publicly available.

Public participation in the formulation of policy and performance of agency functions

MRIWA regularly engages with representatives from industry, the research community and government organisations.

Details of the MRIWA College are provided in the Annual Report – Governance > Committee Structure and Decision-Making Framework. The Terms of Reference are available on the MRIWA website³.

As required by the *Minerals Research Institute of Western Australia Act 2013*, the Minister carried out a review of the operation and effectiveness of the Act following the fifth anniversary of the commencement of the Act. This review took place in 2018-19 and included a comprehensive stakeholder consultation process. The full report is available on the MRIWA website⁴.

The MRIWA Research Priority Plan identifies the key areas where investments will be made into high impact research and development. The 2019-20 review of the Research Priority Plan encompassed a broad range of preliminary stakeholder consultation which informed the development of a revised Plan. This was released for public consultation with all feedback considered by the Board prior to finalisation of the Plan.
